Information Security Policy

DOC-001 · Version 2 · Sample document for the Skillforge demo

Purpose

This sample policy shows how a policy appears in the Skillforge documents library. Replace it with your organisation’s approved policy.

Scope

Applies to everyone who uses company systems, devices or information, including trainees in induction.

Rules

Lock your screen when you step away. Never share passwords or one-time codes. Report suspected phishing to the IT service desk the same day. Store work files only in approved company locations.

Acknowledgement

Required reading: open this document in Skillforge and select “I have read and understood”.
